Reference Services

- We offer literature searches on request, supplying appropriate citations and abstracts from PubMed/Medline and other sources. Delivery of results normally takes 2-3 working days (depending on the extent of the Research). Just email your request (with as much detail as possible).

One Click... Just Ask!
Evidence-Based Resource Search Engine

- The Library's catalog and online resources are all accessed on the Library's ON CAMPUS website by visiting **NatividadLibrary.com**... you can search most of our evidence-based resources through our *One Click... Just!* Search engine located on the top of each Library webpage and on RISE. Many of our resources are Full Text. If you cannot get to Full Text access, you will be directed to an easy to complete ILL form which will then be processed and the article will be emailed to you.

Journals

- Full Text articles are available for more than 5,000 evidence-based journals through EBSCO and individual journal subscriptions.

Databases
- Access Medicine
- CINAHL Complete
- Cochrane Collection Plus
- Dynamed
- MEDLINE Complete
- NeoFax
- Nutrition Reference Center
- Patient Education Reference Center
- PubMed & PubMed Central
- Rehabilitation & Sport Medicine Source
- STAT!Ref
- UpToDate; ...more

Department Resources

- Many clinical departments have resource pages on the Library's website for all users to access.

Additional Online Resources

- Local, state, and federal resources are conveniently located on the Library website.

InterLibrary Loan Journal Article Requests

- If the Library doesn't provide Full Text access for specific journal articles, we can arrange for access through consortia and government partnerships. When locating the article through *One Click*, just complete the online ILL form.

eBooks/Medical Reference Textbooks

- The Library's monograph collection has 700 print editions, yet the most up-to-date text are now in eBooks. The Full Text eBook collection consists of more than 4,500 medical/nursing eBooks through
  - Access Medicine
  - EBSCO
  - STAT!Ref
  - Please note that the print collection is for use in the Medical Library ONLY.
